a book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country

Dr. Muhammad Aly Rifai survived machine gun fire as a child in war-torn Syria. He escaped thyroid cancer, he walked away from a car crash that should have killed him, yet nothing prepared him for the most dangerous enemy of all: the United States government. *Doctor Not Guilty* is a devastating exposé of how America criminalizes medicine. It's the story of prosecutors who mistake complexity for conspiracy, algorithms that hunt doctors like prey, and a justice system that devours the healers it should protect. From the courtrooms of Pennsylvania to the corridors of power in Washington, this is an urgent warning: when healing becomes a crime, we all become victims. Muhammad Aly Rifai's story is authentic; he brought me to tears several times. A great example of resilience. Dan Clark, New York Times bestselling author, Hall of Fame speaker, a gripping exposé that reads like a legal thriller, except every terrifying detail is true. Travis Cody, Hollywood screenwriter: there are not many people who can strike an emotional chord with me, but you accomplished that effortlessly. I believed you, and I believed in your defense from the beginning, and that's why I took on your case. Your innocence is what

led to a not guilty verdict and i thank god that he allowed me to play even a small part in vindicating you sean m weiss the compliance guy

this is the compelling never before told story of the fbi explore the adventures of former special agents through the personal stories that could only be told by them this volume includes the history of the fbi special agents biographies photographs of former special agents personal stories a roster containing more than 7 000 names awards decorations memorials index hundreds of photographs
