this guide provides a comprehensive toolkit for the complex work of field instruction including mentoring approaches conversation stems conferencing techniques lesson debriefing questions understandings of programmatic goals observation assessment and feedback methods and more chapters are accessibly written and filled with concrete examples tips worksheets and activities

over the last 20 years the world's most advanced militaries have invited a small number of

military legal professionals into the heart of their targeting operations spaces which had previously been exclusively for generals and commanders these professionals trained and hired to give legal advice on an array of military operations have become known as war lawyers the war lawyers examines the laws of war as applied by military lawyers to aerial targeting operations carried out by the us military in iraq and afghanistan and the israel military in gaza drawing on interviews with military lawyers and others this book explains why some lawyers became integrated in the chain of command whereby military targets are identified and attacked whether by manned aircraft drones and or ground forces and with what results this book shows just how important law and military lawyers have become in the conduct of contemporary warfare and how it is understood jones argues that circulations of law and policy between the us and israel have bolstered targeting practices considered legally questionable contending that the involvement of war lawyers in targeting operations enables legitimises and sometimes even extends military violence
