this book presents a collection of essays setting out both the special concern of classical indian thought and some of its potential contributions to global philosophy it presents a number of key arguments made by different schools about this special concern the way in which attainment of knowledge of reality transforms human nature in a fundamentally liberating way it also looks in detail at two areas in contemporary global

philosophy the ethics of difference and the metaphysics of consciousness where this classical indian commitment to the spiritually transformative power of knowledge can lead to critical insights even for those who do not share its presuppositions close reading of technical indian texts is combined with wide ranging and often comparative analysis of philosophical issues to derive original arguments from the indian material through an analytic method that is seldom mastered by philosophers of non western traditions

the arthasamgraha is profound in contents scholarly in treatment and simple and lucid in style and language it condenses great amount of matter in pregnant language the author laugaksi bhaskara about whose personal life sufficient information is not available probably belonged to the south and flourished in the 14th 15th century he wrote the text for beginners and so the language is characterized by simplicity and brevity which are maintained even in the treatment of difficult problems the work has gained popularity among scholars and beginners both and serves well as a gateway to the system of purva mimamsa the full name of the work as given by the author in the colophon is purvamimamsarthasamgraha which means a compendium dealing with the topics of purva mimamsa the present edition comprises the sanskrit text in devanagari script and translation into english with profuse notes explanatory and critical by professor gajendragadkar and karmarkar which has proved the best on account of its merits a new and very useful feature of this reprint is the addition of a detailed and very useful feature of this reprint is the addition of a detailed and very useful feature of this reprint is the addition of a detailed and very informative introduction by dr shiv kumar

this book constitutes the thoroughly refereed post workshop proceedings of the 10th international workshop of the initiative for the evaluation of xml retrieval inex 2011 held in saarbrücken germany in december 2011 the 33 revised full papers presented were carefully reviewed and selected for presentation at the workshop from 36 submissions the papers are organized in 5 research tracks on book and social search xdata centric question answering relevance feedback and snippet retrieval

language śabda occupied a central yet often unacknowledged place in classical indian philosophical thought foundational thinkers considered topics such as the nature of language its relationship to reality the nature and existence of linguistic units and their capacity to convey meaning and the role of language in the interpretation of sacred writings the first reader on language in and the language of classical indian philosophy a Śabda reader offers a comprehensive and pedagogically valuable treatment of this topic and its importance to indian philosophical thought a Śabda reader brings together newly translated passages by authors from a variety of traditions brahmin buddhist jaina representing a number of schools of thought it illuminates issues such as how brahmanical thinkers understood the veda and conceived of sanskrit how buddhist thinkers came to assign importance to language s link to phenomenal reality how jains saw language as strictly material the possibility of self contradictory sentences and how words affect thought throughout the volume shows that linguistic presuppositions and implicit notions about language often play as significant a role as explicit ideas and formal theories including an introduction that places the texts and ideas in their historical and cultural context a Śabda reader sheds light on a crucial aspect of classical indian

thought and in so doing deepens our understanding of the philosophy of language
