constructions of intersubjectivity shows that the meaning of grammatical constructions often has more to do with the human cognitive capacity for taking other peoples points of view than with describing the world treating pragmatics semantics and syntax in parallel and integrating insights from linguistics psychology and studies in animal behaviour arie verhagen develops a new understanding of linguistic communication in doing so he shows the continuity between language and animal communication and reveals the nature of human

linguistic specialization professor verhagen uses dutch and english data from a wide variety of sources and considers the contributions of grammar to the coherence of discourse he argues that important problems in semantics and syntax may be resolved if language is understood as an instrument for exerting influence and coordinating different perspectives the grammatical phenomena he discusses include negative expressions the let alone construction complementation constructions and discourse connectives this powerfully argued and original explanation of the nature and operation of communication will interest a wide range of scholars and advanced students in linguistics cognitive science and human evolution

the global financial crisis of 2008 was largely unpredicted if economic theory has a role to play in predicting future catastrophes then the methods we rely on need to change the authors of this study propose a new theory of economics based on more detailed understanding of how and why people behave as they do within their environment this anthropological approach uses the strengths of many existing economic theories including keynesian and austrian economics to present a new framework for anticipating and averting the financial crises of the future

join the political and cultural fight for america s freedom and learn how to protect our nation from the leftist agenda with this essential guide from fox friends weekend co host pete hegseth in american crusade pete hegseth explores whether the election of president donald j trump was sign of a national rebirth or instead the final act of a nation that has surrendered to leftists who demand socialism globalism secularism and politically correct elitism can real america still win and how hegseth is an old school patriot who is on a mission to do his part to save our republic this book celebrates all that america stands for while motivating and mustering fellow patriots to stand ready to defend and save our great country as he travels around the country talking to american citizens from all walks of life hegseth reveals the common wisdom of average americans and how ready they are to join the cultural battlefield now is that time and hegseth has written the playbook american crusade is written with the same insight politically incorrect candor and humor that has made his television show one of the most highly rated in america

this unusual book is more than just the memoir of a distinguished career it is a history of the twentieth century reflected in the life and work of one individual it begins in 1938 with a year in the life of an eight year old viennese jewish boy as he experiences the worst and best of humanity from nazi persecution to rescue by strangers through the kindertransports it tells of his encounters with an english schooling system at its worst and best and of his formative years but this is not a story of one person s liberation that little refugee boy grew up to contribute to the liberation of hundreds of thousands of people world wide influenced by his own early experiences peter mittler has spent a lifetime committed to the human rights of people with intellectual disabilities from their liberation from the big institutions left over from the nineteenth century to their inclusion in shaping the 2008 united

nations convention on the rights of persons with disabilities it tells the story of a dynamic and powerful human rights movement it is perhaps the last great untold story the story of how persons with intellectual disabilities finally gained the right to respect value and autonomy and of the long struggle for schooling access to work and their own front door key this memoir weaves professional memories and accounts of collaboration across the global village with anecdotes and travellers tales to reflect a global perspective from someone who was there at every twist and turn working with families teachers researchers governments and self advocates for over 60 years to influence legislation and drive lasting reform extracts from book reviews dame phillipa russell from foreword socrates is reputed to have said that each generation produces a very small number of hero innovators who change the way in which society values its citizens for me and for many others peter mittler is indeed one of those hero innovators radically changing both national and international attitudes towards people with intellectual and other disabilities and their families duncan mitchell british journal of learning disabilities peter mittler is one of the giants of learning disability in the second half of the twentieth century it is rare to find such a wonderfully understated page turner ingrid lunt journal of research in special educational needs the book succeeds in going far beyond an autobiography is easy to read and carries the reader through with the strong narrative paul williams community living what an incredibly full and constructive life the book is very well written and highly readable david mitchell international journal of disability development and education peter mittler has the happy knack of being able to synthesise disparate material in an interesting manner with an eye to the broader philosophical context this book is a fitting summation of one man s personal journey to address inequalities particularly as they apply to those among us who have disabilities chris cullen history of psychology and philosophy this is a fascinating book which chronicles the life journey of peter mittler a leading exponent of evidence based services and social inclusion for people with intellectual impairments more than this though it is a history of the slow and often halting progress which has been made in the united kingdom and throughout the
